***Thanks,

***Many men are strong,
but very few have been able
to mix the right amount of strength
with a proportionate amount of gentleness.
In doing so, you get a man you can admire,
respect, and look up to, but also a man you
can talk to who will understand and listen.
All our lives our father has given us...
a feeling of security. No matter where we go
or what happens to us, we've always known
he's been back there watching patiently
should we need him.
This security has given us
the strength to stand
on our own many times.***
