*I'm Gonna Miss You*

*When tomorrow's sunshine comes to me  
you will not be here,  
and in this borrowed light I'll see  
each reason for these tears.  
When nighttime took you far away  
it left me here at dawn  
and in these early morning hours  
I'll miss you while your gone.  
The moments were not long enough  
to hold your hand in mine  
to watch the life spring to your eyes  
and feel that "daddy" smile,  
a moment's all we had to say  
"I love you" before dawn,  
and then it took you on your way  
and, I'll miss you when your gone.  
So thank you dad for giving me  
a life I won't regret  
the sharing of our special love  
the times I won't forget  
and while the morning light shines  
on you'll be that special sun  
that lifts my heart and eyes to you  
as I miss you while your gone  
we love you daddy.*
